No Agents. In selling to you direct, our responsibility is direct. It enables us to give you better trees, better service, better satisfaction. Our customers have found this the ideal way to buy trees. Each year we get more and more re-orders from these former buyers. And they tell their friends. A large percentage of our business comes in this way.

Prices.—This Price List cancels all former quotations. Our prices are as low as can be made on such high-grade trees—much lower than if we sold through agents. Remember, our standard is high. Everything that does not come up to that standard goes to the brush-pile and is burned.

How to Order.—If you have no order blank, write the varieties desired, with number, size, and age of each, on any other paper, but on one side only. Sign full name and address plainly. Give County, Street or R. F. D. Number.

How to Send Money.—Post-office or Express Money Order, Bank Draft or Check should be made payable to William P. Stark Nurseries. If coin or paper money is sent, the letter should be registered.

Order Early.—Plant early. The early-planted tree gets the full benefit of the season's rainfall. Wise buyers are early buyers.

Notice.—We are not successors to nor connected with any other Nursery. We sell direct-from-nursery only.
